Smart Solutions for the Garden

GreenX and Smartflex Garden Series

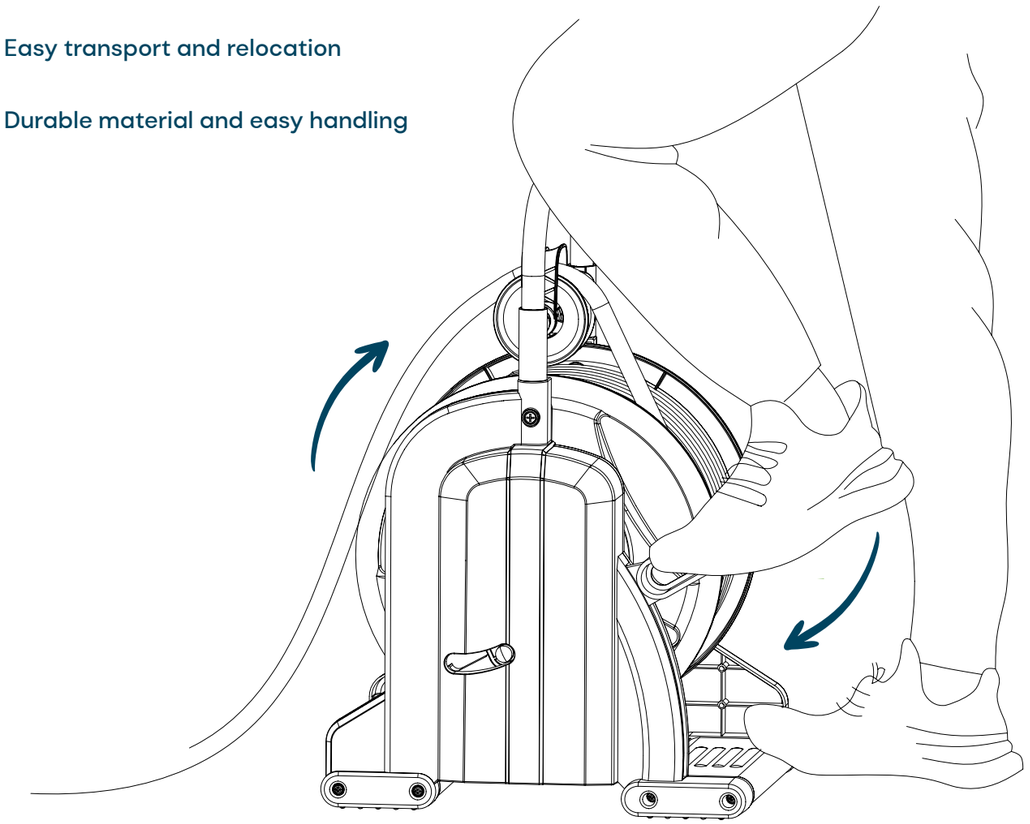
Step by step – unroll it smartly and cleverly!

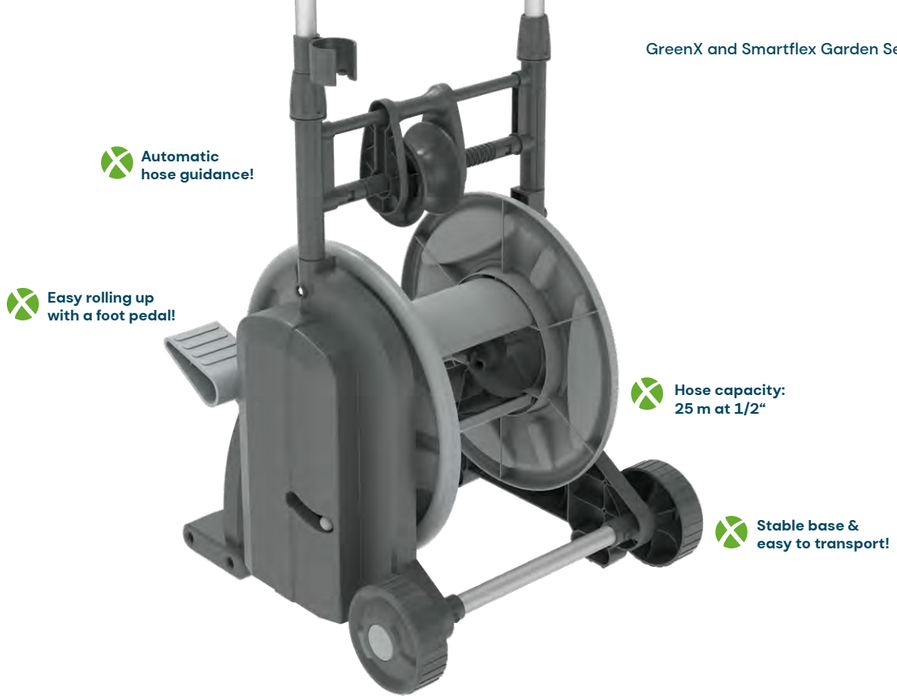
With the **GreenX StepUp Hose Cart**, tedious and cumbersome hose management is a thing of the past. Our hose cart was designed to simplify gardening and address the exact pain points that conventional hose carts cause. Whether you have a balcony or a lush garden, the GreenX StepUp hose cart is the ideal solution for all your watering needs.

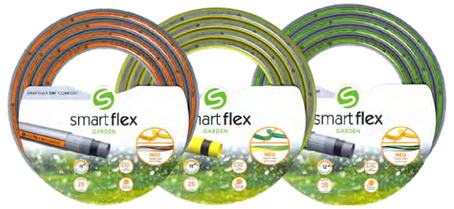
So, let's get started on a relaxing summer!

The Benefits at a Glance!

- Convenient operation via foot pedal
- Automatic hose laying, including a mount for a hose sprayer
- Easy setup, get started right away
- Secure footing and high stability
- Easy transport and relocation
- Durable material and easy handling







The Right Hose!

Smartflex SMT Comfort (Orange & Yellow) und **Smartflex SMT Premium (Green)** they stand out thanks to their unique combination of 5 perfectly coordinated layers. Our special SMT fabric, which forms the core, ensures that the hoses do not twist or kink. The Smartflex SMT Premium differs from our Smartflex SMT Comfort only in its superior temperature resistance.

Fittings & Connectors!

We offer the full lineup! Our **GreenX Highline** or **GreenX Highline Starter Set**, made of high-quality plastic, is an excellent addition to our garden hoses, whether for watering or for a gentle spray for delicate plants.
