

## APDatec 14

Flexible hose made of soft PVC, reinforced with an shock

|                     |                                                                                                                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b> | agriculture, water drain, irrigation, sewage treatment plants, pump technology                                                                                                                                   |
| <b>Structure</b>    | soft PVC, green, opaque, plastic spiral / rigid PVC                                                                                                                                                              |
| <b>Temperature</b>  | -5°C up to 60°C                                                                                                                                                                                                  |
| <b>Properties</b>   | good flexibility, high pressure resistance, high vacuum resistance, corrugated outside, very smooth inside, good chemical resistance, good ozone- & UV-resistance, hydrolysis & microbe resistant, weather proof |

| Inner Diameter (mm) | Outer Diameter (mm) | Wall Thickness (mm) | Bending Radius (mm) | Max. Operating Pressure (bar) | Vacuum Max. (bar) | Weight (kg/m) | Total Weight per Piece (kg) | Length (m) | Article Number |
|---------------------|---------------------|---------------------|---------------------|-------------------------------|-------------------|---------------|-----------------------------|------------|----------------|
| 25                  | 33,40               | 4,20                | 140                 | 7,00                          | 0,78              | 0,48000       | 24,00                       | 50         | 140250500      |
